

Air 1 is the only radio station that plays music that appeals to my teenage kids. It is a relief to find music that respects authority, displays love and kindness, not violence, sex, crime, immorality. People today are surrounded by immoral ideas and lewd humor. The only positive time that they have is when they are in the car. There is a need for contemporary music with a positive message. If Air 1 was replaced by another station the outstanding odds would be it will promote violence, sex, drugs and only serve to provide my kids with more negative influence. Since kids are being influenced by music today that leads to promiscuity and criminal behavior. There needs to be an alternative that still provides them with their style of music. AIR ONE DOES ALL THAT AND IS A MINISTRY NOT ONLY TO CHRISTIANITY BUT GENERAL GOODNESS. THE WORLD CAN USE MORE POSITIVE INFLUENCE AND A LOT LESS NEGATIVE.
